### Qualifications and Rules

- All participants must be a Yucaipa Valley Water District's (YVWD) customer (water and sewer) and legal owner of residential property.
- Customers must provide YVWD with the itemized dated sales purchase receipt(s) for any products included in this program. Purchase must be made after July 1 2012 and before June 30 2015.
- Customer installs the water conservation device. YVWD does not provide installation of nozzles, irrigation controllers and/or toilets.
- Only products within the rebate program are eligible for rebate. If the purchase price for any of the products includes installation charges, the purchase and installation must be listed separately on the original receipt. There is no rebate for installation costs.
- All applications must be complete and signed for approval to be eligible for rebate.
- Rebates will not exceed the purchase amount of the rebate product.
- Rebates will be processed on a first-come-first serve basis until funds for the fiscal year are exhausted.
- Rebates are subject to pre-installation and post-installation inspections to ensure the implementation and use of the rebate products.
- All rebates will be credited to the Yucaipa Valley Water District customer water account after validation of purchase and installation of the approved product.
- By signing above, you agree to the terms and conditions of the Yucaipa Valley Water District Water Use Efficiency Rebate Program. One time only participation per customer.
